GO ASK THE PEOPLE

If you want to know which paper in Richmond is the paper of the people, go out among them and ask the people. They will tell you it is The Daily News, because it has always stood up bravely for the cause of the people in every thing that ever came up, and is dependable, and they know it, and they will tell you so.

PUBLISHED DAILY

Richmond News

BUSINESS MEN

Who wish to reach the people advertise in the paper of the people. The News is the tried and true friend of Labor, as has been proven, and the shrewd business man who desires the trade of the workingman will tell him so in the paper which goes into his family—that is The News.

OFFICIAL LABOR PAPER

VOL. XIII — RICHMOND NEWS, RICHMOND, CALIFORNIA, TUESDAY MORNING, JAN. 13, 1920. — NUMBER 10.

BRYAN URGES COMPROMISE ON LEAGUE

Thousands More Engulfed In Awful Mexico Earthquakes—Last Prop of Wets Is Knocked Out—G. O. P. Is Flirting With the Women For Their Votes—Revolution In Germany.

WASHINGTON, Jan. 12.—A number of Democratic Senators received telegrams today from William J. Bryan, urging ratification of the treaty so the United States could enter the league of nations by the time the league council holds its first meeting next Friday. The telegram follows:

"I very earnestly hope that it may be possible to secure an agreement on the reservations and resolution of ratification before next Friday so that our nation can enter the league of nations, at its first session on January 16. The joy of the American people would, I am sure, be universal, as it was when the armistice was signed."

WASHINGTON, Jan. 12.—Senator Lodge's demand for a "Democratic showdown" on treaty compromise was answered today when word was sent him through Republican "mild reservationists" that "a substantial number of Democrats, more than twenty in all," will support reasonable reservations that do not "scuttle" the treaty.

Another week of individual conferences between senators in an effort to break the deadlock on the peace treaty opened today with leaders of several groups hopeful that some definite headway would be made within a few days.

THOUSANDS KILLED IN MEXICO QUAKES

MEXICO CITY, Jan. 12.—The town of Chichotta, in the state of Pueblo, has been nearly wiped out, with a loss of 2500 persons in killed and injured, by the collapse of mountains, following fresh earthquake shocks, according to reports received at the ministry of the interior today.

The town was located at the foot of Mount Pico Orizaba and was surrounded by smaller mountains. Scores of families were buried alive and soldiers were working desperately today to rescue them from slow and horrible death.

U. S. SUPREME COURT BACKS PROHIBITION

WASHINGTON, Jan. 12.—The Supreme Court today denied permission for the New Jersey Retail Liquor Dealers' Association to

CHIPS OF SENSE

A lot of highbrows offered to mine coal but none did it.

100,000 professional welfare workers ought to demobolize.

A "Lovely Character" can be too dern lovely.

So far "Democracy" has cost us 26 billions.

The "Flying Parson" has been spoiled by flattery.

If you preach fairness, live up to it.

People, as well as newspapers, need editing.

Most of us behave because of the penalties.

Lightning never did come out of a clear sky.

You know enough if you would only apply it.

Most editors and orators need a cure for hysteria.

It isn't much of a task to fool a fool.

The word Psychology is spelled wrong. It should be B-u-n-k.

It's tough to be so bowlegged as to rub the paper off the walls.

ROYAL ARCH MASONS TO INSTALL TOMORROW

Richmond Chapter No. 113, Royal Arch Masons, will install its officers Wednesday evening, January 14th, at 8:00, at Narbett-Ballenger building, as follows:

Excellent High Priest—J. E. Breese.

King—E. R. Alexander.

Piano Solo—Mrs. W. C. St. John.

Scribe—A. S. C. Buchan.

Treasurer—C. C. Olney.

Secretary—A. C. Burdick.

Vocal Solo—Mrs. Wm. Bantan, accompanied by Mrs. Goldsworthy.

Chaplain—R. H. Petilion.

Captain of the Host—A. B. Innis.

Principal Sojourner—H. G. Stidham.

Royal Arch Captain—M. R. Sprague.

Master of the First Veil—W. D. Hartley.

Master of the Second Veil—A. L. Hall.

Master of the Third Veil—James Walker.

Vocal Duet—Miss Marguerite Knoble and Companion E. W. Morgan; accompanist, Miss Vera Wyatt.

Vocal Solo—Bro. E. L. Woodworth; accompanist, Bro. E. G. Harlow.

Excellent High Priest—R. H. Petillon will be the installing officer and Past High Priest H. D. Chapman will be master of ceremonies.

After the installation there will be dancing.

Masons and Eastern Stars and their families are invited to be present.

MIRA VISTA BUILDING

Eight new homes to be sold on easy terms will be constructed at once by the Contra Costa Realty Company in Mira Vista. Work started by Contractor Johansen on the bungalows which will be built near the four cottages recently put up in Dimm avenue.

CENSUS FIASCO AROUSES BOARD

City Fathers Take Eleventh-Hour Action on Manner In Which Census Is Being Taken—Lack of Enumerators Deplored—Telegraph Curry and District Supervisor.

The City Council last night took delayed action on the manner in which Richmond is apparently being treated in the present taking of the census. The following telegrams were dispatched that drastic action will result.

The telegrams:

Richmond, Calif.,
January 13, 1920.

A. J. Treichler,
Supervisor census Third district,
Sacramento, Cal.:

We are sending the following telegram to Congressman Charles F. Curry:

Richmond, Calif.,
January 13, 1920.

Hon. Charles F. Curry,
House of Representatives,
Washington, D. C.:

Unless more census enumerators are supplied at once Richmond will not have fifty per cent of population enumerated within time allowed. District supervisor has been appealed to without result. Is it possible to have time extended or more enumerators put in the field. Time expires January 16th. Please give us any possible assistance at once. Citizens of Richmond greatly aroused over the matter.

J. N. LONG, Mayor.

Feeling here is very strong that Richmond is not being properly treated. We insist that sufficient enumerators be placed in the field so that territory may be fully covered. Under present conditions not more than fifty per cent of the population will be enumerated.

If necessary citizens are will to contribute compensation for extra enumerators.

J. N. LONG, Mayor.

It is hoped that relief will follow both from Curry and Trichler, and the matter is not to be stopped here. The entire city will be aroused before noon today and every possible action will be taken to place Richmond in her proper place—at least third city in this Congressional District. There was no condemnation of the local enumerators by the Council, but it is a known fact that there is a pitable lack of workers.

The present U. S. census places our population at 6009 and if relief is not forthcoming from Curry or the district supervisor this total will not be increased by 10,000.

Not all the fault lies with the supervisor for this census has been a current topic for months and the time for concerted action was 30 days ago and not 4 days before the time limit. However, whatever the faults of the past we have the present with us and a mighty effort might put us over. Make it 40,000 and fight.

(Continued on Page 4)

PHILOSOPHICAL FIDO

DINNER AND TALKS FOR S. S. WORKERS

Last evening a nice dinner was served at 6:30 by the Presbyterian ladies for the Sunday school workers, to which about fifty of them did ample justice.

After the dinner Superintendent A. H. Posge called upon a number of those prominent in Sunday school work to stand up and say something about it, which quite a few did, including Dr. W. W. Gherson, president of the county association; Fred Newsum, Miss Edith Lloyd of the News, Mrs. Leard, Marcus Kelly, president men's class.

Dr. H. Miller of Oakland delivered a fine address on the responsibility of the teacher, which was well received and very interesting.

A social hour was spent and then routine business pertaining to the Sunday school work here was taken up.

MINUTE GIRLS ELECT OFFICERS

An important meeting of the One Minute Girls Club was held at the Woman's Club, last evening. The following officers were elected for the year: Alice Greathouse, president; Helen Steen, vice-president; Nettie Whitesides, secretary; Martha Fraser, treasurer, and Reitha Dreyspring, athletic manager.

They discussed plans for a dance to be given February 28 by the One Minute Club and the American Legion. Miss Nellie Parlier is chairman of the committee for the dance. She appointed Martha Fraser, Vivian LaSalle, Mabel Axelson and Adele Whitehead to assist here.

Dr. James Heady gave a talk on "Self-Analysis," and analyzed the characteristics of several of the girls present.

The basketball team has planned a game for next Saturday evening with the Girls' Team from the Emporium, and they are confident of winning.

Mrs. J. Simpson is moving from the Ohio Apartments to her new home near Pullman.

GUN WOMAN'S TRIAL FOR HOLDUP

Claimed at Preliminary That She Committed the Bold Daylight Robbery In Richmond Because She Wanted To Show Her Paramour She Had Nerve—Has Different Story Now.

The trial before the Superior Court of Irene Johnson, alias Nelson, is on, for the bold daylight holdup she and her paramour, Bert Garrett, alias Miller, pulled off here in Richmond in the robbery of Virgil Reed, photographer opposite the News office on Sixth street, of $335, about the 15th of last November.

In an interview with a News reporter immediately after her capture in Oakland the woman said she had pulled off the holdup because she desired to prove to her pal that she was not "yellow," as he had intimated she was. We understand now, however, that her defense is that she did so because she was totally under the influence of Garrett and could not help herself.

Garrett was convicted and sent to Folsom penitentiary, where he now is, but it is possible the defense will try to get him to Martinez to testify in behalf of the woman.

The police got $185 off of Garrett, but up to date have not returned any of it to Mr. Reed, who lost every cent he had in the world. There ought to be some way this money could be turned over to him, as it is undoubtedly his, although, of course, it cannot be identified, all money looking alike.

We do not know what the outcome of this trial will be, and do not want to prejudice anybody's welfare or interests, but it is to be hoped that a lot of this sob stuff that is always pulled off where a woman is on trial will be ruled out by the court in this trial.

The woman is guilty, according to her own admission, not only of holdup robbery at the point of a gun, but of worse, as she left a little child three years old, she says, to go with the miserable criminal she was caught living with and working with. There is also a charge against her in Oakland of burglary and the theft of $500 worth of wearing apparel. The public is not safe with any such female at large.

NEIDDECKER FUNERAL

A large delegation of Richmond people went to Berkeley yesterday afternoon to attend the funeral of the late Mrs. Charles Neidecker, Martina and Cottage avenues, who died unexpectedly of pneumonia last Saturday. Mrs. Neidecker was born and raised at Redding, where her father published the Redding Courier-Free Press. She had made her home in this city for the last twelve years and was very active in social circles.

LITTLE PLEASANTIES

Bix: What did your wife say to you when you got home at 4 o'clock this morning?

Dix (wearily): Say, old man, I've got some work to do today.

"I should like a porterhouse steak with mushrooms," said the stranger, "and some delicately browned toast with plenty of butter."

"Excuse me," interrupted the waitress, "are you trying to give an order, or just reminiscing about old times?"

"What useful animal," asked the teacher, "supplies us with our food, our drink, our clothes?" "Our fathers," said the boy.

At the Colored Cabaret—"Mandy, am yoah program full?"

"Lawdy, no, Mr. Applewhite; it takes mo' dan two sandwiches an' a cup ob tea to fill mah program."

HOUSEWIVES LEAGUES MEET IN OAKLAND

Representatives of the Housewives' Leagues of the East Bay cities yesterday afternoon conferred with District Attorney Ezra Decoto upon the present high cost of living situation, placing before him information relative to certain alleged combines which are operating in the restraint of trade. Among those who waited upon him were Mrs. L. G. Grasser, president of Oakland league; Mrs. L. G. Bartlett, president of Berkeley league; Mrs. May Larkin Marston, president of Alameda league; Mrs. Clara Wilson, president of the Richmond league, and many others.

The conference was followed immediately by a mass meeting of the women, called in Oakland city hall, to discuss with John Atwood, special investigator in the high cost of living probe on behalf of the Federal goverment, local problems. Atwood has requested of Oakland, Berkeley and Richmond leagues of housewives the appointment of housewives the appointment of special committees whose work shall be the securing of evidence in the Eastbay cities against alleged illegal combines and individual dealers demanding more than a lawful gain.

Those present from Richmond were Mrs. Clara Wilson, Mrs. Lott, Mrs. Record, Mrs. Crigler and Mrs. Jorgensen.

WATER COMPLAINT

The State Railroad Commission yesterday took under advisement the case of the East Bay Water company against which numerous water consumers of San Pablo have filed a petition asking the company be compelled to furnish water at established rates.

The seventy-four contract holders who are demanding service have been allowed ten days in which to file with the commission a statement of facts.

UNFAIR COUNT BY CENSUS TAKERS

Not Half Enough Enumerators to Finish Job By Friday—At Present Rate Not 75 Percent of Richmond's Population Will Be Recorded—Action by C. of C. Today.

C. E. Clark, president of the Chamber of Commerce, has called a special meeting of the directors for luncheon at noon at the Imperial Cafe today, to take quick and active steps in regard to the fact that as things are now drifting Richmond is going to be given a population by the government census now going on of anywhere from sixty to seventy per cent less than it really has, which will do the city an immense damage.

Clark informs the News he has invited to be present at the luncheon all the enumerators he can get hold of, which is not many, as part of them do not live here and are unknown. An effort will be made by the Chamber to spur up the lagging work being done, as it is going to be impossible for the census to be taken wholly by Friday of this week, the closing day.

What can be done about the matter no one seems to know, but an effort will be made today to get information and also get action.

Mr. Clark asks the News to get busy and inform all the people that this is a grave and important matter, and ask everybody to wake up to its importance and try and do something. Everybody not yet enumerated should get in touch with the Secretary of the Chamber of Commerce at once.

Some of the enumerators, of which there are not more than half enough, complain that they receive many rebuffs from the women and are thus greatly handicapped. This is a lack of local pride and patriotism which any citizen should be ashamed of.

Clark yesterday wired to Sacramento, where the head man is, and also wired Congressman Curry and Senator Phelan about it.

Whatever is done must be done quick as only a few days remain. If you have any suggestions to make, come to the luncheon today at noon and make them. The C. of C. directors will be glad to have you do so.

A surprise party was given to the newlyweds, Mr. and Mrs. Geo. Salzer, on last Saturday night, at the home of Mr. and Mrs. L. H. Hampton at 15 Eleventh street. Whist was played, the winners of the evening being Mrs. Amy Hutchins and A. M. Cornell. Mrs. T. S. Handley got the consolation prize.

Start Your Checking Account Now

If you knew that during the next twelve months your expenditures would equal your income, you would want to change things—wouldn't you? A checking account will give you a complete record of each month's receipts and expenditures. You will have an up-to-date knowledge of your financial affairs. It's a good plan to pay all bills by check. We furnish you a bank book and checks. We offer exceptional advantages for carrying checking accounts.

THE PAPER OF THE WORKING PEOPLE

TO MANY UPLIFTERS

Uplifting is getting altogether too much commercialized. Thousands of them nowadays make a business of it and draw fat salaries until half the money donated in the hundreds of "drives" goes to pay overhead expense. The country would be much more benefitted if about ten thousand of the uplifter men were at work producing something, and about the same number of uplifter women would stay home and attend to their husband and children and household duties. We who work are continually called upon to put up for thousands of drones whose work is only of their mouths, and it is getting to be an infernal nuisance.

CHARITY BEGINS AT HOME

One reason we object strenuously to any more money being loaned out of the U. S. Treasury to any foreign nations is the fact that we have already loaned them ten billions and not a cent of the $500,000,000 annual interest has been paid. They state they are unable to pay the interest, or any part of it, yet ask for billions more. Secretary Glass wants to send over $150,000,000 more at once. Better use it to buy farms for our soldiers and in irrigation projects and road building, and tell the foreigners to quit their foolishness and go to work.

A COMING MICROBE

It seems as if it would be easy to compute how long it will take Mr. Rockefeller, Mr. Morgan and Mr. Vandebilt to get all the money in the country. Money is apparently going their way with skips and jumps, and the more that tumbles in on them the easier it seems to be to add to it. Not to believe they are going to get it all is a simple exercise of faith which facts and computations do not avail to aid. They won't get it all. We know they won't, but we can't see what's to hinder. If they did get it all, we should have to take it away from them and have a new deal, but we don't expect things to come to that. We expect all these gentlemen and their descendants to be solvent for a good while to come, but we believe there is going to be some money left out of their strong boxes, and each of us hopes to get his share of it. Moreover, we think this result is going to be reached, not by violence or material changes in the laws, but by the operation of natural forces.

The ingenious Mr. Wells, who wrote about the War of the Worlds, told how creatures came from Mars in machines, and killed off most of the English and left the British Isles a blackened ruin. Humans could not stand up to them. What happened? While there were still a few folks left in caves waiting to be killed, the Martian creatures developed an insignificant parasite, which killed everyone of them promptly dead.

Napoleon, after being vastly useful, was getting too big for Earth, and couldn't be quiet. And then what? Lord Rosebery says in effect that he went mad. A maggot in the brain undid him. He whom no one else could conquer used himself up, and his effects were distributed more or less according to law.

So we may be sure it will be if the very rich get materially too much. Excess—of power, money, opportunity—will inevitably disagree with them, and affairs will right themselves. Meanwhile, the organization of things in which they are a factor is useful to civilization. They are able men. Working, in a way, for themselves, they work actually for all of us, and though our share of the profits may be slow in coming to hand, it is bound to come. Alexander, Caesar, Napoleon advanced civilization. So do Morgan, Rockefeller, and all their species. The goblins will get 'em if they don't watch out, but the goblins will be of their own raising. Snakes and mad-dogs frequently bite themselves to death.

A pure food inspector dropped into a store that did not advertise and asked what it was that smelled so bad around the establishment. The proprietor said it was business—that business was rotten.

THINKOGRAPHS

Some statesmen vote for wine and against women, and yet love them both, strange to relate.

Public office is a public trust and not a personal perquisite—San Jose Mercury. Since when?

Speaking of one person trying to outstrip the other, there is, for instance, the evening dress.

All political parties make fine promises but one big hit that could be made is never done—reduction of taxes.

When somebody brings gossip about a neighbor to you, bridle your tongue, for a dog that will fetch will carry.

Our living expenses would not be what they are if the high cost of legislating was not so excessive.

If we only had an automobile we believe we could get the air to put in the tires real cheap from the politicians.

Most of us have sloughed off a wad of money in younger days that we could use to good advantage now.

The corrupt politicians are going to be handed such a lot of lemons pretty soon now that the price of that fruit is going up.

Primarily the treaty, the trusts and the high cost of living are the issues, but behind it all is the great economic principle of resistance to the absorbtion of wealth and centralization of power.

It was a sorry day for Mexico when they fired Diez. Those people will have to be ruled with an iron hand until such time as education can change them from brigandage into honesty, from loot and revolution to work and sense.

Another woman jumped in the bay and tried to commit suicide at San Francisco. We note that quite a few people would rather die than live in San Francisco.

Grove L. Johnson, father of Hiram, says his son and the rest of the rampant bull moosers have stolen the livery of the Lord in which to serve the devil. And old Grove is no novice in such stunts, either. He knows.

Heads come on bodies, barrels, beds and beer. Cheeks, chins, noses, eyebrows and bald spots come on heads. Heads are used to hold hats, temper, conceit, and now and then brains.

When most everybody is against a man, that's when he needs help, and when you ought to give it to him, if you want to get a stand-in with old St. Peter at the gate.

The kind of letters we like to get always start off something like this: "Enclosed please find, etc., for another year's subscription of your valuable paper."

Adjudicating the famous controversy, Judge Tuthill, of Chicago, decides for Bacon and against Shakespeare. Quite natural. Chicago literateurs never did have much use for Shakespeare as compared with Bacon—or even leaf lard.

The Fatherhood of God, Brotherhood of Man, Theology of Nature and Gospel of Sunshine which this paper preaches, teaches and tries to live up to, absorbs most of the ten commandments and is real religion. Faith, hope, charity, cheerfulness and love of humanity will get you through if anything will.

In December we shouted peace on earth, good will to men, and this month we are figuring on several hundreds of millions as an appropriation for building more battleships and loading up more blunderbusses for the purpose of slugging mankind under the left ear with shot and shell. We aim to please. Mankind can simply take its choice of the two prescriptions.

Y. W. C. A. CALLS BIG CONVENTION

2,000 Women Expected to Gather in Cleveland the Week of April 13-20, 1920, for National Convention.

MEETING POSTPONED TWO YEARS BY WAR

Delegates Will Discuss New Membership Basis for Students and Question of Future Support for Work. Many Other Things.

The Young Women's Christian Association of the United States of America will meet in national convention in Cleveland, O., the week of April 13 to 20, having postponed the convention from the spring of 1918 in order to comply with a government request that expense and travel be reduced to a minimum during the war.

The department on conventions and conferences of the National Y. W. C. A., of which Mrs. Harry Emerson Fosdick is chairman, estimates an attendance of 2,000 women, representing all departments of Y. W. C. A. work—board members, secretaries, students, club girls, Girl Reserves, girls from Industrial Service Centers, women from the International Institutes for foreign born women, members from city, town and country Associations.

Each Association in the United States will be entitled to one voting delegate for every one hundred voting members in the Association.

Two of the most important questions which will come up before the convention will be the membership basis and the question of support. Of old business to be considered the most important question will be the membership basis for student associations, the granting of charter membership privilege to the Chicago Young Women's Christian Association and a recommendation providing an increase in membership of the National Board of the Association will also be presented.

Rev. Charles W. Gilkey, pastor of Hyde Park Baptist Church, Chicago, will give a series of morning addresses during the convention week. Dr. Robert E. Speer, secretary to the Foreign Mission Board of the Presbyterian Church, North, will also give an address. Mrs. Speer is chairman of the National Board of the Y. W. C. A.

The convention will be in session morning and evening, the afternoon being given over to sectional meetings held in various churches. Attendance at these meetings will be determined by group membership and also by activities.

Mrs. W. P. Harford of Omaha, Neb., will preside at the opening session, having been elected as president at the last convention of the Young Women's Christian Association, held in Los Angeles in 1915.

The committee on business to come before the convention has for its chairwoman Mrs. John French and includes among its members Mrs. John D. Rockefeller, Jr., Miss Eliza Butler, sister of Nicholas Murray Butler, president of Columbia University; Miss Martha McCook, Miss Mabel Cratty, general secretary for the National Board of the Y. W. C. A., and Mrs. William Adams Brown, all of New York city.

TOWN GIRLS TO HAVE Y. W. C. A.

Association Maintains 52 Town Secretaries—Wants to Expand Work at Once.

"During the war girls all over the world had their first lesson in nation wide and world wide thinking," says Miss Mabel Head, director of Town and Country Work for the National Y. W. C. A.

"Girls learned something of the inspiration of working with hundreds and hundreds of other girls, unselfishly and unstintingly, through Red Cross work. Now the Y. W. C. A., through its world wide program of service for women, is planning to expand its work so that girls all over the world, and particularly in smaller communities, will not lose this experience.

"Citizenship forums are being organized for girls in small communities, where girls may come together to learn more about their country and their responsibility to it and as citizens of the world.

"Reading courses have been planned at National Headquarters in New York so that a girl in any community may carry on a course of study, either by herself or with other girls, on a wide variety of subjects.

"The Y. W. C. A. has at present thirty-nine secretaries doing county work. This means that they travel about from one community to another helping girls to plan out social, recreational, educational and religious activities for themselves and organizing them to carry on these activities. These secretaries work with the county agents of the Department of Agriculture in carrying on home economics work. They help plan pageants, arrange benefits, assist the girls in going to Y. W. C. A. summer conferences and help plan all sorts of social good times for the community."

Otto Ludewig Jr. has just returned to business after a long illness.

MILK BOYCOTT IS OFF

The milk boycott is off and milk prices have been reduced so that you may now place your order for milk at the reduced prices. Give the baby all tre fresh, pure milk he will take as there is no food that has the body building qualities of milk. The milk dealers have met the demand of the people and we would suggest that the people now help the local milk dealers by increasing their milk order, especially those of you that are using a pint a day, as you must know that it costs us just as much to bottle and deliver a pint as a quart of milk and that we have to charge more in proportion so that by increasing your milk order you make a saving as well as the dealer. Milk is an article of food that never need be wasted as there is so many ways in which it can be used and the saving housewife wll see to it that every drop is used.—Advt.

TOO LATE TO CLASSIFY

LOST—Pair of glasses with spring chain, on Macdonald avenue, between 4th and 10th. Return to Mr. Ketelhut, California Market. Reward . 10-3

What Richmond Needs

First, the completion of the work already done on its harbor, in order to save the large amount already expended and to make of Richmond a great harbor and world's shipping port. The people will be asked to vote sufficient aid in the spring to do this, and if it is given the Feral Government aid to the amount of half the amount needed can still be secured.

Second, A change in the form of municipal government under and by virtue of which those who make the laws and administer the affairs of the city shall not be in the employ or under the dictation of any corporation, firm or anybody else save and except the City of Richmond.

Third, a direct ferry service between Richmond and San Francisco, so thousands of local and other passengers will not have to travel in their autos or otherwise ten or twelve miles out of their way to go or come, and placing Richmond on the map for through travel instead of a way station on an indirect route to and from nowhere.

Fourth, that at least two thousand more citizens join the Chamber of Commerce, and that every man, woman and child in Richmond make a New Year resolution to work and help in every possible way in the upbuilding of

bring original proceedings in the Supreme Court to test the constitutionality of the national prohibition amendment and enjoin its enforcement in New Jersey.

The court held it had no jurisdiction.

In seeking to bring the original proceedings the association alleged that the prohibition amendment interfered with the State police powers and was a violation of the Fifth Amendment, prohibiting the taking of private property without just compensation.

G. O. P. IS WORRIED OVER WOMAN VOTE

The women of the United States are going to be a deciding voice in the national elections next fall, in the opinion of Will H. Hays, Republican national chairman, who arrived in San Francisco yesterday for a three-day conference with Republican leaders of the West. This, he declared, put a heavy burden upon the women of the Western suffrage states, to whom the party must look for information and guidance. He said that a particular purpose of his Western visit was to derive from these voting women some hint of what the party must do in face of the fact that more than 14,000,000 women will vote next fall.

GERMANY IS STILL ABOUT HALF CRAZY

BERLIN, Jan. 12.—The Spartacists are again openly agitating revolution in Germany. Fifteen mass meetings were held throughout the city Sunday at which speakers boldly demanded a revolt against the government.

The increasing activity of the Spartacists and the independent Socialists against the government may have been partly responsible for the false rumor of a revolution and the overturn of the German government, sent out of Brussels by the Eeuter News Agency on Saturday, according to belief expressed here.

A monster demonstration is planning here Thursday, the anniversary of the killing of Liebknecht and Rosa Luxemburg, two of the principal Spartacist leaders in the anti-government agitations last year.

INSANITY AND SHAME HARRY NEW'S DEFENSE

LOS ANGELES, Jan. 12.—Harry S. New Jr., alleged son of United States Senator New of Indiana, who is nearing the end of his month's trial for the murder of his sweetheart, Freda Lesser, is a victim of heredity and the stigma of his illegitimacy.

"The taint of insanity was in his blood from birth, and the awful scorn of society was on him for being a nameless son."

Such was the striking defense for New's alleged crime advanced dramatically to the jury in whose hands the defendant's fate soon will be when Attorney Jud Rush opened arguments for the defense at the resumption of the trial in Judge Craig's court today.

BOUND VOLUMES OF THE THINKOGRAPH MAGAZINE

This office has on hand yet about 150 handsomely bound volumes of the Thinkograph magazine, handsomely printed on fine book paper and profusely illustrated. These sell for 50 cents each and as soon as these remaining few are gone they will be entirely out of circulation. They contain some of the best writings of Editor Hulanski and in magazine form made quite a hit all over America. There are also about 100 copies of stapled volumes, at 25c each. There will never be any more of either of these books, so if you wish to preserve one or more now is the time. The prices quoted are less than actual cost.

ONE-FOURTH WORLD'S WOMEN IN CHINA

Seventy Per Cent. Employees in Shanghai Cotton Mills Women and Children Working Twelve Hour Shifts.

One-fourth of the women in the world are Chinese—200,000,000 of them. They are going into industry in large numbers to work long hours and for little money.

In Shanghai, for instance, seventy per cent of the employees in the cotton mills are women and children. Working hours for spinners are from six in the morning until six at night and from six at night until six in the morning. Weavers work from 6:30 in the morning until seven at night and the wages are from ten to twenty cents a day. Hundreds of women are employed in silk flature mills, standing hour after hour washing cocoons in basins of boiling water in the excessively hot rooms necessary for apartments where fine silk is spun. In Canton alone, there are 150,000 women in factories at a maximum wage of forty cents a day for women and of fifteen cents a day for girls.

As part of its program of world service for women the National Young Women's Christian Association is expecting to put on its staff of secretaries in China an expert on industrial conditions who will develop social work in factories, and work to improve conditions for women employees. This work will include the introduction of recreation and social life among the workers and of health lectures and educational classes.

Y. W. C. A. STUDENTS TEACHING IN CHINA

Physical Training School Maintained in Shanghai.

The vast majority of Chinese men remember their mothers as cripples. Many a girl wanders into a mission school who has not had her own feet bound, but has never seen a woman of her own class who could walk, and, therefore, she walks in a most ungainly fashion—scarcely conscious of her natural feet.

The Chinese Medical Association—an Association composed only of Chinese physicians mostly graduates from American and English institutions—have asked the entire educated community of the country to co-operate in better health for the children of China. All the Mission Boards operating in China felt that one of the greatest contributions the Young Women's Christian Association could offer to the health of China would be to establish a normal school for the training of physical directors.

Accordingly, in Shanghai, which is the greatest port in China, the national committee established such a school in 1914. The school has won favor with all educationists, both missionary and government. There have already been nine graduates from this school. Miss Ying Mei Chun, a graduate of the Wellesley School of Physical Education, has been dean of the school. Graduates of the school are scattered from Canton to Peking, teaching with conspicuous success in twelve mission and government schools.

JAPANESE DOCTOR IS Y. W. C. A. OFFICIAL.

Dr. Tomo Inouye of Tokyo, Japan, treasurer of the National Committee of the Young Women's Christian Association in Japan. Dr. Inouye has been

Dr. Tomo Inouye of Tokyo, Japan, a delegate to the six-week International Conference of Women Physicians called by the Y. W. C. A.

particularly interested in the public health and recreational plans of her city for some time and is medical inspector for girls in the public schools of Tokyo, as also in several private schools in the city. There are approximately 500 women physicians in Japan now, she says, and 400 women medical students. Dr. Inouye was the only delegate from Japan to the Y. W. C. A. International Conference of Women Physicians, in session during September and October.

CHARGE AGAINST TEACHER CONTESTED

Friends of Mrs. Ethel B. Bernier, teacher at the Vine Hill school, who has been summoned to appear before the state board of education at Sacramento next Saturday to show cause why her life diploma to teach should not be cancelled on the complaint of R. T. McPherson, who charges that she placed pepper upon the tongues of two of the pupils in her school, have rallied to her aid.

A petition said to be signed by all but one of the parents of the pupils has been forwarded to Sacramento. Another petition has been signed by all the members of the Americanization class which Mrs. Bernier has been teaching at the school. This class is composed largely of the Italian residents of the school district who are said to be so incensed at the accusations that they have threatened to go boldly harm to the complaining witness.

Mrs. Bernier will be represented by Attorney T. H. DeLapp of this city.

New Civic League Organizes Today

The organization of a branch of the Civic League will be effected at a mass meeting of local women at the Lincoln auditorium at 2:30 this afternoon when Mrs. Mary R. Coolidge of Berkeley will be the principal speaker. Women active in the affairs of the Richmond club, South Richmond Improvement club and the Civic Center club have accepted invitations to participate.

Martinez Entertained Moose Convention

MARTINEZ, Jan. 12.—With a reception parade and invitation of large classes of new members and men of higher degrees in the order, and an entertainment last night, one of the largest lodge conventions of the season closed here when they 500 delegates from bay cities to the Moose Legionaire convention returned to their homes.

A. L. Van der Nailen of Oakland, grand regent of the order, his staff and supreme officers were presented with a key to the city by Mayor J. E. Colton yesterday. This ceremony was followed by an automobile tour to the points of interest in this district.

A large delegation attended from Richmond, headed by County Supervisor Zeb Knott, who came near joining the Bull Moose party one time for no other reason than because of its name.

The next convention will be held at Napa.

BERKELEY-RICHMOND CLUB AND GOLF LINKS

Negotiations have practically been closed, Charles J. Crary, local banker, stated yesterday, for the purchase by the newly organized Berkeley Country Club of a 165-acre tract on the eastside hills lying between the extension of Macdonald avenue and Grand Canyon Park. This land is a high, rolling plateau with a large acreage of trees and will be used for a golf course and a country club-house is planned on the property. The Richmond men interested in the project in addition to Crary are Joseph F. Brooks, manager of the Richmond refinery of the Standard Oil Company; E. M. Downer, banker. From Berkeley are Wells Drury, Frank L. Naylor, C. C. Newkirk, W. J. Mortimer, A. F. Hockheamer, Fred G. Athearn, James B. Kiester, Vernon Peck, Peter B. Kyne, William Cavalier, and Duncan McDuffie.

DAM ATTRACTS MONY

The roads to the San Pablo valley reservoir of the East Bay Water company being in first class condition the work of building the big dam across the valley is now attracting hundreds of sightseers from all of the East Bay cities. Sunday the road up the valley form Richmond was jammed with cars to view the gigantic sluicing operations which are under way. The company expects to have the dam completed to impound six miles of water by next winter.

City Council

ROUTINE BUSINESS

A. Nelson, heading a protest by property owners, writes the Council protesting the bill of L. L. Page for sewerage work done in Blocks 18 and 19 in the Rudnade tract. The matter was set for hearing on next Monday night at 9 o'clock.

C. C. Baker has been appointed Deputy City Assessor and Tax Collector, in recommendation of J. O. Ford at a salary of $140 per month.

In the matter of the repairing of ditches dug by the P. G. & E. Co. on Macdonald avenue. The Council ordered the city engineer to notify the company to repair same at once. The company stated that they were to lay mains the length of the avenue, but could not have the work completed before May. Council takes stand that this means July and that street must be put in passable condition.

Three men have left the city engineer's department within the last two months. City Engineer states that he can run his office with the present force. Recommends that the salary of Mr. Hoffman be raised from $140 to $155 a month, so as to make all salaries uniform.

R. C. Frayne was granted permission to sell ragoz paste and solder of his own manufacture.

The matter of paving Wall street from 41 street to the city limits was left in the hands of the street commitee and the city engineer.

The bid of Contractors Galbraith and Janes being the lowest for the paving of the City Hall basement and the construction of vaults for the sum of $730.95 was accepted and the work will be done according to plans and specifications.

E. F. Parker with a bid of $380 was awarded the contract for the re-construction of the City Hall auto sheds. Work must be completed in 30 days.

A proposed ordinance amending the present building ordinance was laid over for one week.

An ordinance regulating and amending portions of present music ordinance was passed on second reading.

An ordinance amending section 20 of ordinance 409 was passed. This calls for a license tax of $5.00 a quarter in all coin-operated music machines.

The Arts Club of Richmond was donated the sum of $18 to help further the cause of art among the local artists.

Better Dredge Our Harbor P. D. Q.

A request has been made by the San Francisco Chamber of Commerce of the Richmond Industrial commission for the necessary shipping and harbor data of Richmond. The statement is asked on the grounds that the west side of the bay is facing a shortage in docks with the anticipated spring rush of commerce and if the local wharves can handle business it is promised that it will be directed to this city.

MISS FALLON HEADS THE PYTHIAN SISTERS

Mrs. Ida James of Alameda, D. D. G. C. of this district, installed the officers of Contra Costa Temple, No. 113, Pythian Sisters, at their meeting last Saturday. She was assisted in the work by Mrs. Marion Tubbs of this city, as Grand Senior. The beautiful work was witnessed by one hundred visitors and members. The officers installed were Mrs. Sue Moore, Past Chief; Miss May Fallon, Most Excellent Chief; Mrs. Elizabeth Marshall, Excellent Senior; Mrs. Gertrude Smith, Excellent Junior; Mrs. Grace Browning, Manager; Mrs. Margaret Huebener, Protector; Mrs. Edith Douglass, Outer Guard; Miss Josephine Bareilles, M. of R. & C.; Mrs. Ida Oliver, M. of F.

The feature of the evening was the presentation of Past Chief jewels and certificates to Mrs. Sue Moore, retiring chief and Miss Josephine Bareilles finishing her term of M. of R. & C. Tokens of esteem were presented these two officers and to D. D. G. C. Mrs. Ida James; Mrs. Marion Tubbs, Grand M. of R. & C.; Mrs. Louise Holmes, Miss May Fallon, Mrs. Elizabeth Marshall, Mrs. Nellie Hutson, Mrs. Margaret Huebner and Mrs. Mary Caron, who is leaving this city shortly to make her home at Milgrove.

Presentation speeches were made by Mrs. Nellie Hutson, Mrs. Belle Richards, Mrs. Anne Bowyer, Mrs. Sue Moore, Mrs. Ida Oliver, Mrs. Elizabeth Hill and Mrs. Golden.

Following installation a banquet was enjoyed, prepaired by Chairman Mrs. Jewell Crandall, Mrs. Anna Bowyer, Mrs. Sue Moore, Mrs. Amelia Fry, Mrs. Cora Davis and Miss May Fallon. The tables were decorated with the order's colors.
